

SCHOOL'S IN SESSION!

Brooks Elementary
A Title One School

February 27, 2018

The Fantastic Four Newsletter K. Denison, N. Russell, P. Kimball, A. Gray

Class News

In Reading, students will learn the importance of inferencing and making predictions. We will continue to learn about courageous Americans in our social studies. In math, students are using the arrow way to add.

We appreciate all your help at home with making sure your child completes his or her homework and for helping your child when they experience difficulty. When we work together for the success of your child, great things happen!

Thanks for all you do!

If your child is absent, please check <http://eplan.bullittschools.org/eplan/> for what we worked on in class. There may be activities that your child can complete at home.

Word Work

Your child should be able to read and write the following high frequency words: **children, should, those, girls, and soon.**

We will be learning about plurals. Students should be able to read and write: **ponies, dishes, apples, classes, and cities.**

Basic Math Facts

As you know, our second grade students are working hard on learning the basic math facts. By the end of second grade, your child should be able to quickly recall addition and subtraction facts. You probably see the math automaticity papers frequently come home. If your child seems to be struggling to learn these facts, reviewing the facts while traveling in the car is an easy way to do it.

Dr. Seuss Day

March 2, 2018

Dr. Seuss skit on morning broadcast

Special Area is a Bronco Day

Dr. Seuss Trivia every hour

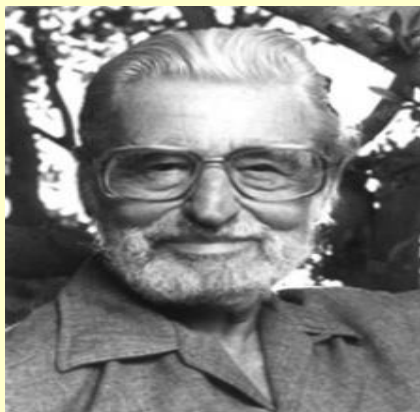

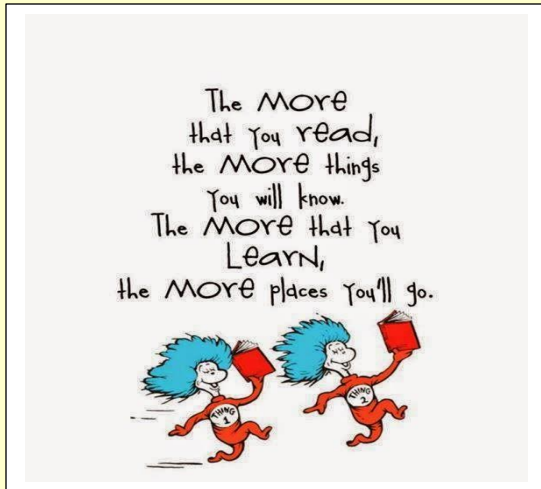

Friday, March 2 is a make-up day

Funny Bone

What do you call bears with no ears?
(B!)

What do you call a bear with no teeth?
(A gummy bear!)

Why didn't the teddy bear eat his lunch?
(Because he was stuffed!)

Dr. Seuss' real name was Theodor Seuss Geisel. He was born on March 2, 1904 in Springfield Massachusetts. Dr. Seuss was not really a doctor. Dr. Seuss was an author, poet, screenwriter, illustrator, film producer, television producer, songwriter, animator and visual artist. At the age of 18 Dr. Seuss went to Dartmouth College in New Hampshire. Dr. Seuss has written and illustrated 44 children's books. His children's books have been translated in over 15 languages.
